

# AACT Math Course Information

Mrs. Lauren Torvinen

[LTorvinen@washoeschools.net](mailto:LTorvinen@washoeschools.net)

Welcome to the 2020-2021 school year!

This year I have the pleasure of teaching Algebra 2 Honors, Formal Geometry, and Geometry. As you are aware, this year will be different. I want you to know that I am ready to instruct each of you in the wonderful world of mathematics. I have worked hard to make our classroom a safe space. Desks are separated for social distancing and there is hand sanitizer for you to use when you need it. It will also be a safe space for us to learn together. For those of you that have selected distance education, I will do my best to make sure that it is a seamless experience. Please be patient as we work together to make it meaningful for you. Below you will find information on useful tools for this year.

Course information, assignments, etc. will be posted in Microsoft Teams. Instructions for accessing from a computer are [here](#) and from a mobile device are [here](#). Please let me know if you need assistance in accessing this platform.

To limit exposure students will submit most of their work online. Office Lens converts images to PDF, Word, and PowerPoint files. You can download the app [here](#).

Sign up for class text alerts for updates on assignments, quizzes, exams, and other important information on remind.

Download the remind app [here](#).

Attendance will be taken each day. It is important that you complete your attendance assignment for both hybrid and distance learners. Those who are not physically in class will need to submit the daily attendance reflection by 2:00 PM.

Assignments, quizzes, and exam scores will be updated regularly on IC. Please check the Infinite Campus portal to keep up to date with your grade.

WCSD Infinite Campus information and log in can be found [here](#).

To support student learning at home for student on hybrid or distance learning, I will be utilizing Edgenuity. Information and how to log in are located [here](#).
